ABOUT ULPGC

The University of Las Palmas de Gran Canaria (ULPGC) is a Higher Education and Research Institution with a distinguished reputation both within and beyond our borders, committed to building a better future and putting its knowledge at the service of society.

Since its foundation in 1989, ULPGC has firmly established itself as a public university where every major field of learning can be studied. This is demonstrated, on the one hand, by the wide range of official Undergraduate, Master's and Doctorate degree courses it offers and, on the other, by its own Master's, University Expert and Special Training programmes.

Our commitment to quality in the teaching, research and services we provide obliges us to improve constantly, and we are convinced this is the only way we can be in a position to offer society competent, cultured, responsible and supportive people.

Rafael Robaina Romero
Rector

ACCOMODATION

- Incoming students are responsible themselves to organise the accommodation for their stay in Las Palmas de Gran Canaria.

ACADEMIC CALENDAR

- First Semester (Fall)
Instruction Begins: September. Last Day of Instruction: December. Examination Dates: January
- Second Semester (Spring). Instruction Begins: January. Last Day of Instruction: May. Examination Dates: May-June

LANGUAGE

- Courses are taught mainly in Spanish. Some courses are also taught in English.
- The University recommends exchange students to have at least a MCER B1 level of Spanish.

CREDIT SYSTEM

- ULPGC uses the European Credit Transfer System (ECTS). ECTS-Credits are used to determine the relative workload of individual academic tasks. One ECTS credit is equivalent to 25 hours of student work, which includes the following: lectures and practical classes, private study, participation in seminars, projects and practical work and preparation for and completion of examinations and assessment tests. Normally one credit also equates to 10 face-to-face teaching hours.
